Deb and Vince,

If we do wait until Monday to come up with a final decision on tool kit quantity acquisition there won't be anyone here to approve it. Bob and Mike are both out next week. Therefore, it is imperative that we come up with strategies today and get buy in with Mike before he leaves. Arun would like for us to get together with Mike on this subject around 3:00. I realize that it is difficult to get vendors to commit on such short notice. Thank you.

Nicki
